Damn throwing yourself at me in a sudden
What do you want to do?
Sorry but I can't just do nothing..
Xi...
Waw this guy can fight with Hua
So are you going back to Ling's side?
.....
You helped me make an entire class of friends right after I came downtown..

But Sis Ling is my benefactor too
Ever since that event, Sis Ling visits me and my grandpa every year and bought us a lot of presents..
Xi
So I can't just let you hit Sis Ling!
But I don't really know who is right, I just wonder why you urban people make matters so complex? My minds almost exploded
Tsk
What a trivial thing to worry about
Listen wild lad, you helped me this morning. You own me nothing now
Ah?
And I will eliminate anyone in my way, Including Ling..
I've made it clear. Have you decided your position now?

We have three plus the two siblings of Zhong and Hua as well as the landlord
So six in total. Buy what you think is appropriate
OK!
I'll buy something to go with the alcoholic beverages
Hey, we're just renting a house do we need to celebrate it with a feast?

Young man, being happy is the most important thing in life. We moved to a new environment by renting this house, of course we should celebrate it.
Haha, fine
